### D40mm 360 Neon Strip Data Sheet

- High-quality gold-wire LEDs, LM80 certified
- •IC: SM18522PS, Grayscale: 65536 levels, Refresh rate 4KHz
- Unique light distribution structure, uniform surface illumination without shadows
- Silicone extrusion molding, food-grade silicone material, sprayed coating for tactile comfort
- Salt spray resistant, acid/alkali corrosion resistant, flame-retardant, UV resistant
- Waterproof grade IP67 5 years warranty

#### **Technologies**

• DMX

#### **Application**

• This product is suitable for use in building lighting, office lighting, furniture decoration, hotels, KTVS, courtyards, etc., as well as for ambient lighting and decorative lighting.

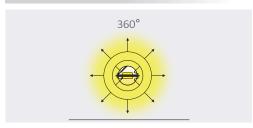

### **Color Options**

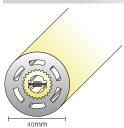

#### **Dimensions**

### Beam Angle

### Sectional drawing

#### **Recommended Accessories**

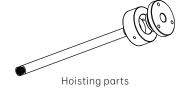

Straight exit end cap

Side exit end cap

## **Product Specifcations**

P/N	LED Quantity	CCT/K	CRI	LEDS/m	LUMENS (lm/m)	VF/V	Current (mA/M)	Power (W/M)	Cut Length (MM)	Max Run (M)
RL-FV2410084505016-DMX-FWCD40	5050	R:620nm	/	168	330	24	666	16	83.3	5
		G:520nm								
		B:468nm								
		W:2700-6500								

## Other Specifications

Protection grade	IP67		
Working temperature(°c)	-25~+60		
Storage environment temperature (°c)	-25~+70		
Standard length	5		
Maximum cascade length(m)	5		
weight	/		

#### Remark

- The test environment temperature is 25±2°C;
- The above data are typical values, the actual parameters of the product may be different from the typical data; the data is subject to change without notice;
- The above "/" means that this parameter is not required for the time being.

## **Applied Standards**

ZELIGHL

## Mounting with aluminium profiles

Install with the screws provided. Do not use screws of othertypes or sizes that do not meet requirements.

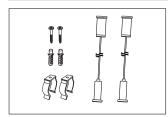

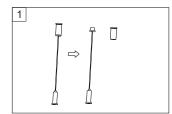

Ceiling-mounted installation

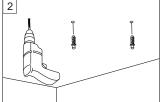

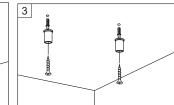

Snap-on clip and suspension rope installation

### Common product faults and their troubleshooting methods

Fault Phenomena	Possible Causes	Troubleshooting Methods		
	1. Mains power failure	Power on		
All lights off	2.Open circuit or short circuit at switching power supply output triggering auto-protection	Troubleshoot and restore power		
	3. Reverse polarity at LED strip power input	Check wire connection status to ensure correct polarity		
	1.Partial switching power supply failure	Inspect newer supply system and receive for the		
Partial lights off	2. Wiring error in partial LED strip circuits	Inspect power supply system and resolve faults		
	3. Reverse polarity in partial LED strips	Correct wiring		
	1. Power supply overload	Replace with higher-power supply according to load		
LED uneven brightness or insufficient brightness	2.Excessive line loss in switching power circuits or significant line loss discrepancies	Maintain LED strip operating voltage within ±5% of rated voltage  1. Shorten power cable length between power supply and LED strip or use larger gauge wires;  2. Ensure number of LED strips per circuit ≤ max allowed cascading quantity and keep cascading quantities similar per circuit).		
	3. Excessive serial connection of LED strips	Adjust LED strip quantity per power branch to meet max allowed cascading requirements per circuit		
LED flickering	1.Poor contact at connection points	Identify and resolve poor contact points		
LED HICKEHING	2.Switching power supply malfunction	Replace switching power supply		

## Notice

- If the external flexible cable of this product is damaged, the cable must be replaced by the manufacturer or similarly qualified personnel to prevent hazards.
- For specific installation arrangements and precautions, refer to the product user manual.
- $\, \mathsf{Data} \ \mathsf{in} \ \mathsf{this} \ \mathsf{specification} \ \mathsf{is} \ \mathsf{based} \ \mathsf{on} \ \mathsf{standard} \ \mathsf{products}. \ \mathsf{Actual} \ \mathsf{delivered} \ \mathsf{products} \ \mathsf{may} \ \mathsf{vary}, \ \mathsf{subject} \ \mathsf{to} \ \mathsf{physical} \ \mathsf{measurements}.$
- All product diagrams in this specification are schematic diagrams. Actual delivered products may differ, subject to physical objects.
- Technical modifications may be implemented without prior notice.
